~This guarantee is between seller and buyer listed above. As the buyer you agree to have your new puppy examined by a licensed Veterinarian within 48 hours after receiving your puppy. If the puppy is found to be of unsatisfactory health and written documentation of the condition is presented to the seller in those same 48 hours, the seller shall refund 100% of the purchase price, provided that the puppy and registration papers are returned to the seller at the buyer's expense.

~This puppy is guaranteed to be free of life threatening genetic/hereditary defects until 12 months of age. The determination of what constitutes a life threatening hereditary defect is to be made by the unanimous agreement of two licensed Veterinarians agreeable to both parties. Cost of the opinions is to be assumed by the buyer. The seller will replace this puppy if it dies up to 12 months of age, due to any hereditary defects if the following conditions are met:

Buyer must consult with seller within 24 hours of death. Under no circumstances is the seller to be held responsible for medical services.

~The buyer agrees to maintain the puppy's health condition by maintaining all vaccinations or this contract is VOID. Let it be mutually understood and agreed that any litigation regarding this sale shall be brought about in the County and State where the sale originated.

~By signing this document, you the buyer, agree to contact me if you are unable to keep this puppy for any reason, at any time during the life of said puppy. This puppy is NOT being sold to you for resale purposes. The seller/breeder must be given first right of refusal before this puppy can change hands. This is to make sure that one of my little babies does not end up in a shelter or a puppy mill!! I will always take back a puppy/dog that can no longer be cared for by the purchaser.
